## MANAGEMENT / LEGAL / INSURANCE

With our Administration, Legal and Insurance departments providing 24 hour a day support – there is no better partner to look after your cargo.

Specific expertise in Maritime Law, claims & local knowledge means we can handle any incidences that may occur.

As a truly Global company etched in Innovation - efficiency, environmentally friendly and safety are always at the core of the way we work.

As one of the first companies in testing the RCM (Remote Controlled Monitoring) , Just one example as we continue to be at the forefront of new technological advances in our Industry.

## WHAT GOODS DO WE TRANSPORT?

### MEATS

Slaughter house, cutting plants, cold Stores, retailers, final distributors, importers...We work on behalf of our clients at every stage of the production line as well as the trading of charcuterie and meat.

### FISH

The transportaon of fish and sea food is complex as it requires a deep knowledge of their storage condions. Our pr ofessionals, who are experts on these condions, guar antee safe transportaon.

### FRUITS & VEGETABLES

The fruit and vegetable growers always require a specialist consultant for their segment. The growers need providers who are a. env e and understand their business.

### OTHER PRODUCTS

We are currently transporng a wide v ariety of perishable products from different sectors: cheese, wine, oil etc. We are familiar with the internaonal rules and regulaons es tablished for each product.

## WHY CHOOSE US?

Working alongside companies of all sizes, from some of the Worlds largest Producers to International Traders. There is no better choice than working alongside us within the Global Food Supply Chain.

Our tailor-made approach means we listen to you and develop a supply chain that suits your specific needs. We operate Globally but with a deep understanding and knowledge of local markets. This is provided by our friendly, experienced and forward thinking teams located all around the World.

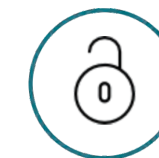

We are the company that partners with our customers, innovates and drives forward together.
